

FIELD TRIP DESCRIPTIONS

- **Lessons by grade level**

- We offer lessons for all ages (2k-12th grade)
- All lessons are hands-on and fit the South Carolina Science Standards
- Each age group has a “Lesson Description” pdf that will explain what each of the lessons consist of
- Each lesson lasts between 45-60 minutes and can accommodate up to 25 students per session
 - If you have a larger group, you can schedule multiple groups at the same time. Please call (864)583-2777 or email sciencecenterspartanburg@gmail.com to talk about groups over 25
- All of our lessons at the Spartanburg Science Center include play time after the lesson for a discounted price of \$2 per student

- **Self-guided field trip**

- If you would rather just explore the Science Center on your own, that is an option too! We have interactive exhibits, a fossil room, a mini theater, and a live animal room for you to explore.
- We will have staff members present to answer any questions and help you if you need anything
- The self-guided tours can accommodate up to 50 students at a time. If you would like to bring more than 50 students in one day, please call (864)583-2777 or email sciencecenterspartanburg@gmail.com to discuss your options
